PHASE 3+ / DIGITAL LEARNING

All courses are delivered through a combination of engaging online self-led asynchronous and facilitator-led synchronous activities. Cadets need access to their Cadet365 Accounts this summer for eLearning courses.

Training delivered through the TDLC occurs during weekdays and takes approximately 4 hours per day. Most of the schedule is flexible to allow a strong course/life balance for cadets.

ALL COURSES ARE 2 WEEKS.

Cyber Safety and Security Team Leader (CSSTL)

The Cyber Safety and Security Team Leader course provides cadets with the opportunity to engage with cybersecurity experts in the Canadian Armed Forces, recognize security measures in Windows and Linux, and participate in a cybersecurity competition. Cadets attending this course, if successful, can achieve the Cyber Leader certification. This will help them practice safe online behaviors and be prepared to lead cybersecurity activities in their corps or squadron.

Laptop/computer able to operate VMware player (not compatible with Chromebooks)

Support Services Team Leader (SSTL)

The Support Services Team Leader course provides cadets the opportunity to gain an understanding of the internal operations of cadet corps and squadron and how to provide support areas such as Supply and Administration. Cadets attending this course, if successful, can achieve WHMIS Certification.

Digital Camera (Mobile or Separate)

Small Craft Operator

The Small Craft Operator Course provides cadets the opportunity to learn about vessel operations, restrictions, and navigation. They will also learn about aspects of on-water communication, such as distress signals, Maritime Mobile Service, and Radio Operations.

Cadets attending this course, if successful, can achieve SCOP Module 1 (Pleasure Craft Operator Competency) and SCOP Module 2 (Restricted Radio Operator's Certificate [Maritime]).

Basic Microdrone Operator (BMDO)

The Basic Microdrone Operator course provides cadets the opportunity to learn about drones in the Canadian Armed Forces, prepare for the Transport Canada exam, and explore careers involving drones.

Cadets attending this course, if successful, can achieve Transport Canada certification.

Nova Quest (NQ)

The Nova Quest course provides cadets the opportunity to explore the Canadian Aerospace industry, its exciting past, and the potential future for advanced space technologies.

Activities include simulating life in space, and its intricacies in survival, communication, and exploration, identifying celestial objects, and exploring new technologies in the aerospace world.
